UNICEF CHALLENGE

STUDENT INSTRUCTIONS

WHAT IS THE UNICEF CHALLENGE?

The Mathletics UNICEF Challenge is an opportunity for you to help those in need. The points you earn from activities completed over the next two weeks will equate to a UNICEF donation on your school's behalf. More specifically, your learning will help save lives around the world.

HOW DO I EARN POINTS?

- It's simple. Just login and use Mathletics.
- **Activities** that you complete will earn points.
- Play **Live Mathletics** against other students around the world to earn additional points.

DONATION TIERS

Donate **10,000** water purification tablets to help stop the spread of waterborne diseases.

1,000+

Average points per student

Supply a health centre with **500** sachets of Oral Rehydration Salts.

750+

Average points per student

Provide **360** tablets of anti-malarial drugs.

500+

Average points per student

At the end of the two week period, the **top three performers** in your class will receive a UNICEF Challenge certificate to acknowledge their achievements.

Good luck!
