

Teacher Console Map

Manage Class

Here you can add and remove students as well as print certificates and login details. You can also restrict students' access to the games and Playroom.

Start ▶ Mathseeds

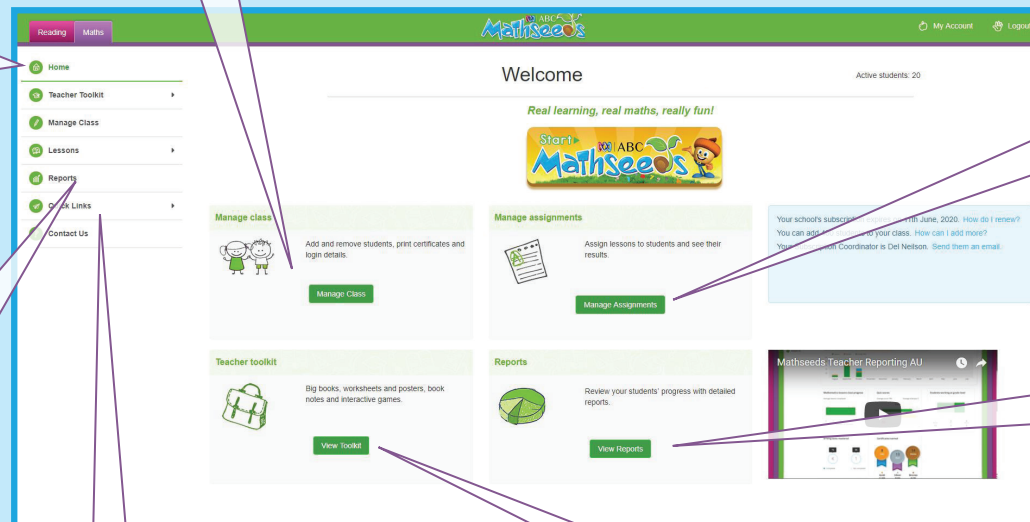

The Start button creates an easy avenue for students to log into the program by displaying a screen of students' avatars. From here, you can use the Demo Student. The Demo Student for each program is completely unlocked and has access to all lessons, games, rewards and more, perfect for demonstrations and instruction.

Home

This icon takes you back to your Teacher Dashboard where you are provided with support, information and short cuts to most-used sections.

Lessons

Here you can preview all 180 lessons in the Mathseeds program. You also have access to downloadable lesson plans and student worksheets for each lesson. Use Manage Lessons to identify and change the lesson a student(s) is working on as well as reset the Mathseeds placement test.

Manage Assignments

From here, you can assign lessons to students, view results and review past assignments.

Reports

Access detailed reports of each student's progress as well as the overall results of your class' progress in the Mathseeds program. Dive deeper into each section to view more detailed reporting of maths lesson progress, driving test progress, time on task and certificates earned.

Quick Links

Easy access to research reports that give a detailed review of the research that supports the program. You can also find curriculum maps, teacher guides and brochures, subscription order forms, and the "Tell a Colleague" function.

Teacher Toolkit

The Teacher Console includes an extensive amount of teaching resources within the Teacher Toolkit. Find all you need from big books, assessments and posters to additional printable lesson plans and worksheets.
