

Ideal for motivating and rewarding students already using Mathletics

## Super Mathlete Trophy

We are delighted to announce that the Super Mathlete Trophy is now readily available for purchase by Australian schools. These trophies are used by school teachers to recognise and reward student effort and achievement in the classroom. They can be used in conjunction with Mathletics as well as general maths learning.

Get the most out of using Mathletics in your school and start rewarding your students today!

Purchase a Super Mathlete trophy for your school now at a great price of only \$39.95 each!\*

### What schools are saying:

*The 'Super Mathlete' trophy has been used by the infants classes in our school. It is given out at assembly each week to one student. I rotate the classes each week and the class teacher picks a student from their class who they feel deserves it the most. It is so popular that we wanted to give the award to Kinder, year 1 and year 2 each week.*  
Anne M - Sylvania Heights Public School

*Thank you for the trophy you sent us for our "Super Mathlete". It has been a massive hit in our primary classrooms.*  
Brendan G - Ungarie Central School
