Meet Mathletics.

The K-12 online math resource loved by students, teachers and parents alike.

Highly engaging curriculum-aligned content, live fluency activities and targeted adaptive practice – coupled with powerful teaching resources, diagnostic testing and assessments.

Meet Spellodrome.

Your complete spelling and literacy resource.

Designed by educators, Spellodrome encourages independent learning and the development of critical spelling awareness. An array of interactive and fantastically engaging games make learning to spell fun and highly motivating for students.

Meet IntoScience.

A ground breaking middle school science resource.

Through engaging 3D environments, virtual experiments and deep inquiry-based exploration, all fields of science are brought to life – simultaneously expanding learning through knowledge, application and reasoning for all students.
